REaSoN 2012

We are delighted to announce the **18th REaSoN Meeting**, which once again aims to bring you an excellent faculty, with interesting and thought-provoking talks and discussion.

The programme this year will focus on many of the important topics facing Neonatal Unit staff today. Delivery room management including delayed cord clamping; a session on simulation, respiratory management, and growth and feeding are all included, along with a lively debate on staff funding in the Neonatal Unit.

This meeting is now regularly attracting around 300 delegates, and is becoming one of the major events in the Neonatal calendar. Radiometer, Chiesi and Fisher & Paykel are once again sponsoring the meeting and we would like to take this opportunity to thank them for their continued support. Covering the large areas of Blood Gas Monitoring, Ventilation and Surfactant therapy, these three companies interact to provide complete Neonatal care.

Warwick University has become the home of **REaSoN**, and we are pleased to use their excellent conference facilities and good student accommodation for delegates. Birmingham International airport is just 20 minutes by taxi, and there is easy access from the M40, M1 and M6 motorways. Free parking is available on campus.

We trust that this year's **REaSoN** Meeting will provide a stimulating and informative forum for the exchange of ideas, along with an opportunity for healthcare professionals to update themselves on new research and practices from around the world.

REaSoN 2012

Poster Presentation

The poster presentation has now become an integral part of the **REaSoN** Meeting, with last year attracting around 20 excellent posters.

Participants are invited to submit abstracts of original work for poster presentations. A template can be obtained from wendy@cfsevents.co.uk The abstract should describe new work developed by the participants and should not include studies commissioned by or performed for an external agency. Our intention is to inspire participants to communicate new findings and original observations and posters should therefore not have been previously displayed at open meetings. If any participant would like to submit an abstract but is not sure whether their work fulfils these conditions please e-mail wendy@cfsevents.co.uk and ask for clarification.

For all delegates whose posters are accepted, there will be a poster walk on Tuesday 3rd July between 10:25 – 11:00 when you will be required to stand by your poster and take any questions.

Closing date for abstract submissions: Monday 28th May 2012

Your Accommodation

The single study bedrooms are equipped with clock radio, tea and coffee, hairdryer, towels and toiletries. Irons and ironing boards are available on request. Rooms will be available after 3.00pm for check in and should be vacated by 9.30am on your day of departure. This year we are pleased to offer the improved facilities in the Bluebell block.

Exhibition

We are delighted to attract exhibitors to **REaSoN** each year, without whom a meeting of this calibre would not be possible. We therefore urge you to visit the stands. Our sincere thanks go to all exhibitors. If you are an industry representative and you wish to exhibit at **REaSoN** or attend as a delegate please email jennie@cfsevents.co.uk or call **01438 751519**.

Welcome Reception

For people arriving on the Sunday evening, we will be holding a welcome reception from 7:00pm. Please note that if you plan to arrive after 9:00pm, food will no longer be available.

Conference Dinner

The Conference Dinner will be held in the Panorama Suite of the Rootes Building on **Monday 2nd July from 7:30pm**. Places are limited to 350 delegates.

How to find us

The University of Warwick is just 20 minutes by taxi from Birmingham International Airport and only four miles away from Coventry Intercity railway station. Trains run from Euston every half hour and there is a bus service from Coventry Station to the centre of the campus. If travelling by road the University is accessible from the south on the M40, M1 and M45 or from the north on the M1 and M6. For satellite navigation purposes, the postcode CV4 7AL directs you to Gibbet Hill Road. Please then follow signs for the main campus and Rootes Building. Alternatively visit the following weblink <http://www2.warwick.ac.uk/conferences/howtofindus>
