

Neonatal Inspiration Days

Advanced Ventilation Workshop

Tuesday 29th May 2012

Holiday Inn Glasgow Airport, PA3 2TE

Target Audience:

The workshop is aimed at ANNPs, Senior House Officers and Middle Grade Doctors.

Course Leaders:

The faculty on this course is actively involved in neonatal intensive care in the Glasgow neonatal units. All have extensive experience in teaching on previous ventilation workshops.

Course Design:

The course will begin with registration at 9.00am and close around 4.30pm. There are no formal lectures. All skills are taught in small groups, with active audience participation.

Key Topics:

- Oxygen delivery
- Ventilation perfusion mis-match in neonatal respiratory disease
- Basic lung function as an aid to ventilator management
- The role of graphic monitoring
- Inhaled Nitric Oxide - Why bother? - How does it work? - Problem Solving
- High Frequency Oscillation - Why bother? - How does it work? - Problem Solving

Course Material:

Worksheets and handouts will be provided on the day.

Refreshments:

Coffee breaks and lunch will be provided. Please let us know if you have a special dietary requirement.

Registration:

All delegates: £65.00 (Including VAT)
