

Neonatal Inspiration Days

## Basic Ventilation Workshop

Wednesday 16th May 2012

Holiday Inn Glasgow Airport, PA3 2TE

### Target Audience:

The Course is aimed at Neonatal Nurses and Midwives.  
Junior Doctors starting in Neonatology will also find it useful.

### Course Leaders:

All teachers on this course are actively involved in neonatal intensive care in the Glasgow neonatal units.  
All have extensive experience in teaching on previous ventilation workshops.

### Course Design:

The course will begin with registration at 9.00am and close around 4.30pm. There are no formal lectures.  
All skills are taught in small groups, with active audience participation.

### Key Topics:

- Blood gas interpretation
- Chest X-ray interpretation
- How ventilators work
- Oxygen delivery
- Ventilation perfusion mis-match in neonatal respiratory disease
- Basic lung function as an aid to ventilator management
- Patient trigger ventilation - Why bother? - Which mode is best? - How does it work? - Problem solving

### Course Material:

Worksheets and handouts will be provided on the day.

### Refreshments:

Coffee breaks and lunch will be provided. Please let us know if you have a special dietary requirement.

### Registration:

All delegates: £65.00 (Including VAT)
